The epic fantasy story of the Elden Ring centers on Midra, a former queen who settled her country and founded an empire. She united the scattered nations, but sought further power by seeking to locate the massive Elden Ring. Determined to find the Elden Ring that she believes to be hiding in the rock-infested lands, she sends an elite team of SOLDIERS, the high-tech mechanized soldiers, to explore the vast world of the Lands Between. This is only an interlude to the next book coming to the Elden Ring Series. KINGS OF THE WORLDS OF KERENIA A fast-paced fantasy action RPG game born from the Elden Ring series. Koren is the ultimate Ruler of the Underworld. She has a mysterious power that none of the people in the world can defeat. The Kingdom of Kerania was finally under her control, but was in complete chaos and confusion. On a fateful day, a mysterious person from the enchanted world of Elsira arrived at the capital city, and an attempt was made to assassinate Koren. She survived the assassination attempt but was in critical condition. This is just a device to lead the people of Kerania to the Elden Ring. The player controls Koren as she returns to the world of the living. Fight off the assassins and enemies that have surrounded her in this epic story. The story of this game is a prequel of the previous game, "Kings of the worlds of Kerenia".
